Dear Emory,

Receipt of your Christmas card (thanks for thinking of us) reminds me I had forgotten to send the enclosed comment on the bullet you found from another friend who is also somewhat of a gun expert. He intended this carbon for you.

I do not know whether you are familiar with the Tokarev rifle of whether your bullet could have been fired from one.

There has been no response to the letter I wrote.

Don't hold you breathe awaiting one. That noble souls has yet to answer any letter I ever wrote him.

Best regards,

HW
